

Yes please, we'd like a stall!

Please tick one of the boxes below to reserve a stall space. We have a limited number of pitches and will select stalls that complement the nature of the event.

All stallholders will feature on the Championship pages of our website, in our social media posts and in the event programme. In addition, stallholders can put up one feather flag around the fountain and one banner on the barriers on the side of the pool (max size: 1.5 metres wide x 0.8 metre high).
